Happy Children Aiming High

February 2025

February wasn't always second. When Numa Pompilius first added February to the calendar in 700 BC, he placed it at the end of the calendar. That's right, February was the last month on the calendar. The adjustment aligned the calendar with the lunar cycle. However, Roman superstition avoided even numbers so the calendar resulted in every month having 29 days except one – February. Numa Pompilius placed this unlucky short month at the end of the year. And there, February remained for nearly 200 years when January and February moved to the beginning of the year.

Good Work Assemblies

Our weekly Good Work Assemblies are every Friday. We celebrate achievements and award children for good learning and bucket filling. (kindness).

We talk about good attendance in school and award children with more than 96% attendance weekly. The winning class get 2 stickers and if the class gets 100% the get 3 stickers. This hopefully promotes teamwork to come to school whenever possible.

The class with the most stickers at the end of the term win a box of chocolates!
